

Solicitation of Interest for

ACI Certification Program for Concrete Field Testing Technician – Grade 1

Tentative Dates: January 22-23, 2010
written and practical examinations

Conducted by: Wayne Kawano, ACI Certified from CCIP Hawaii

Course study and workbooks can be obtained at:

http://www.concrete.org/certification/cert_prog.asp

Sponsored by the Federal Highway Administration (FHWA)
and the Department of Public Works (DPW)

With the anticipated construction activity in Guam, the FHWA and the DPW will be bringing out Mr. Wayne Kawano, to conduct American Concrete Institute (ACI) certification testing for Concrete Field Testing Technician Grade 1.

This will be the first in a series of certifications the FHWA and DPW will conduct in its efforts to build capacity for our Guam Contractors, builders and suppliers. For more information on this certification, please contact Ms. Maria Alves or Mr. Mike Lanning at Parsons Transportation Group Inc. at 671-648-1057 or via email at MariaRosario.Alves@parsons.com

Concrete Field Testing Technician – Grade 1

A Concrete Field Testing Technician - Grade I is an individual who has demonstrated the knowledge and ability to properly perform and record the results of seven basic field tests on freshly mixed concrete.

The program requires a working knowledge of the following ASTM Standards:

C 1064 - Temperature of Freshly Mixed Portland-Cement Concrete

C 172 - Sampling Freshly Mixed Concrete

C 143 - Slump of Hydraulic Cement Concrete

C 138 - Unit Weight, Yield, and Air Content (Gravimetric) of Concrete

C 231 - Air Content of Freshly Mixed Concrete by the Pressure Method

C 173 - Air Content of Freshly Mixed Concrete by the Volumetric Method

C 31 - Making and Curing Concrete Test Specimens in the Field
